INNOVATOR USB Driver Installation

- 1. Once the application has been installed, connect the INNOVATOR hardware to the host via the USB.
- 2. Windows will detect the hardware by acknowledging a new USB Device this might take several minutes.

3. Once the device has been acknowledged, the Hardware Wizard will appear.

Found New Hardware Wizard	
	Welcome to the Found New Hardware Wizard This wizard helps you install a device driver for a hardware device.
	< Back Next > Cancel

4. On the second screen of the Hardware Wizard, select the first option "Search for a suitable driver for my device" and press Next.
